

FNDCERT INTERNATIONAL FOUNDATION PROGRAMME (HEALTH AND HUMAN SCIENCES)

Overview of the FndCert International Foundation Programme (Health and Human Sciences)

The FndCert International Foundation Programme (Health and Human Sciences) is the ideal course for international students interested in studying health and human sciences or health and social care in the UK. It is designed to introduce you to key topics in health and human sciences, help you improve your language skills, equip you with the academic skills that you will need and introduce you to Higher Education in the UK.

You will enjoy teaching from our academic faculty that is interactive and has a strong focus on communication and group work. You will not just be learning from our academic team, but also from your fellow students as you work together and support each other's progress. Studying in a foreign country is a great opportunity and can be a life-changing experience. It can be a challenge too, so you will get full support and encouragement to make the most of your time living and studying in your exciting new UK environment.

Why do a FndCert International Foundation Programme (Health and Human Sciences)

The FndCert International Foundation Programme (Health and Human Sciences) is an excellent preparation for further study in a health and human sciences related subject. On successful completion of this Level 3 qualification, you can achieve an English level comparable to IELTS 6.0 or 6.5. We will support you in the development of essential skills, which can prepare you for academic study as well as future employment.

On completing this programme, you will be able to demonstrate the knowledge and understanding of key concepts, practices and principles in health and human sciences. Teaching will be interactive and inclusive with a focus on developing your communication as well as your skills and knowledge. We will help you develop essential English, academic and professional skills, such as academic writing, reading, listening, presenting and application of ICT.

Career Prospects

After completing the FndCert International Foundation Programme (Health and Human Sciences) successfully, you can apply for a health and human sciences related Bachelor's degree at Regent College London or strengthen your career prospects in health and human science related roles.
