Learning Resources: Student Survey

This short survey concerning your views of the learning resources available to support your studies has been designed to provide feedback to the management of the College about what works well for you and where improvement could be made. We want to know what types of learning resources are adequate, those you use most outside of your classroom teaching sessions, and what developments you would like us to make.

Your responses will allow us to produce a report to be discussed at the Student Representative Committee, Academic Board and by the Senior Leadership Team. We take your views seriously and aim to make improvements that enhance your learning experience at Regent College London.

Thank you for taking time to complete this survey.
